

Virtual Caucus? Here's how to show your support for Jena Griswold!

You can show your support for Jena Griswold even on Zoom! If your caucus is virtual, it's even more important to show you're on Team Jena because we're missing the effects of buttons, stickers, and t-shirts.

To show up strong and united at virtual caucuses, we have created a **Team Jena Zoom background** so supporters are easy to spot!

Why does it matter?

In caucus, visibility is everything. Seeing a sea of Team Jena backgrounds builds confidence and encourages connection among supporters!

Ready in under a minute!

It only takes about a minute to set up, but it has a massive impact!
